## INDIVIDUAL SPONSORING

The adventure is even more beautiful when it federates, generates interest and visibility. Gather your close relatives', colleagues' and companies' support asking them to sponsorise you. Sponsoring goes beyond the simple donation, this is also a commitment for a cause, a trust in your availability to take up the challenge, a recognition that leads you and that makes you stronger.

## INDIVIDUAL SPONSORING

**Together, we go further !**

I'm practicing dragon boat within a team of « Ladies », women of all ages and from all walks who are actually fighting or have fought against breast cancer and find in sport activity a well-being.

I'm taking a new challenge : paddling from Orléans to Angers in a Dragon Boat, that means 240kms on the Loire river during 4 days.

Beyond the physical challenge, I commit myself for a cause, I commit me for my sisters in combat and paddle because from the cohesion emerges the strenght.

**Commit yourselves with us by sponsoring my adventure !**
